### Our Commitment to Data Accuracy

We appreciate that data decay is a continual problem within the technology market, as with all business data, and we endeavour to carry out FREE research of any mail gone-aways or email returns to all our customers. We also comply with the UK data protection act of 1998 and new European email legislation of 2003.

The database benefits from a carefully researched email database, which represents just over 65% of the contact groups.
