

UNIX Database Overview

Our UNIX database includes enterprise wide users of UNIX software in the UK and Ireland including Lotus notes. In summary there are:

- ✚ 2,501 Companies
- ✚ 7,140 Sites
- ✚ 11,786 Contacts
- ✚ 8,250 Emails
- ✚ IT Infrastructure research
- ✚ Online Access or flat database file
- ✚ Live or quarterly updates available

The database contacts and sites are subject to our rigorous researching which includes:

Web research – daily updates from website and internet searches

Company financial reports and accounts – access to detailed financial information on all public and private companies including Director level updates

Telephone research at departmental level – to establish the key names of all senior management, technology, finance, HR sales and marketing and many more relevant contact groups (see below).

Our Clients include

Our Commitment to Data Accuracy

We appreciate that data decay is a continual problem within the technology market, as with all business data, and we endeavour to carryout FREE research of any mail gone-aways or email returns to all our customers. We also comply with the UK data protection act of 1998 and new European email legislation of 2003.

The database benefits from a carefully researched email database, which represents just over 65% of the contact groups.

Statistics at a Glance

The database can be seen below as summary of the number of sites and contact across the various industrial sectors as classified by the UK 1992 SIC code system and summarised by our top level sector category.
